<u>Review Date:</u>				<u>Training:</u>	CONTINUED SOCIALIZATION

Eval Comments: Bella was at the front of the kennel with a relaxed demeanor as the runner approached. Bella greeted the runner with a loose wiggly body, open mouth pant, natural ear set, a loose tail wag, and soft eyes. Bella allowed the runner to pet her muzzle and she solicited further petting through the barrier. Bella was leashed and removed from the kennel easily and without issue. Bella walked ahead of the runner with a slight pull on the leash greeting some of the dogs along the way. Once in the catch pen Bella was collared and leashed with ease as she solicited petting during the process. Bella greeted the dogs at the barrier nicely and was allowed into the play yard. Bella exchanged greetings nicely then moved on once the group dispersed. Bella made her way to the handlers soliciting petting and becoming affectionate towards them placing her paws on their chest. Bella moved and began to explore the play yard continuing to exchange greetings as she explored the play yard. Bella came across a group of playful dogs and she joined in their play. Bella engaged in play chase and playful wrestling appropriately with a relaxed demeanor. During play Bella was tolerant of being mounted but gave a firm correction when she had enough. During play a brief minor scuffle occurred and Bella was easily steered with a verbal correction from the handlers. Bella continued to socialize and play; she would also try to coax others to play. One of the dogs didn't want to engage and gave her a correction, Bella responded with a correction as well but did not escalate. Bella would continue to respond to other dogs' corrections similarly but did not escalate. Bella maintained a social and playful demeanor during her time in the play yard with a push pull playstyle. Bella is ok for public adoption medium energy level large dogs ok.
